Dear Parent/Carer

Thank you for responding to the recent survey concerning setting up a breakfast club provision at the school.

Unfortunately, we have not received sufficient interest to progress with this club but we will review the situation on an annual basis. However, there is school catering provision in place from 8.00am each morning. This is not formally supervised but staff are on duty on the playground from 8.15am every day.

If your child is eligible for free school meals there is a separate provision. Please contact the school office for further information.

Yours sincerely

Mr B Tait  
Business Manager
