

WEEK BEGINNING:

## English

This week in English, Year 6 have been developing their editing skills by making improvements to their 'Landlady' writing; using DADWAVERS and higher level punctuation. They have also been combining their topic skills and investigating Easter Island; looking at location, distance and its history. Through this, they have been improving their inference skills, which will help them during their reading assessments.

## Maths

This week in maths, Year 6 have been building on their knowledge and understanding of negative numbers; enabling them to apply this knowledge to real life problems and solve the difference between negative and positive numbers. This has been a challenge for many children but they have worked hard to achieve their goal. They have revised rounding and place value before moving on to the next topic, calculations.

## Parents' Evening

Parents' evening was a great success with many positive comments made by staff and parents. It was lovely for all of the teachers to meet their pupils' parents and discuss their attitude to learning and the importance of Year 6.

## PE Initiative

This week we have kicked off our new PE initiative of getting more exercise in to our school day. Each morning, we set off for a walk/gentle jog/or faster-paced run around the playground, teachers included! Some children are enjoying the fresh air, whilst others are trying to hit the magical 7 lap marker (which almost equates to one mile) and others are smashing it – completing double or triple that amount. We are also introducing 'Joe Wicks', The Body Coach, workouts for children from his YouTube site.

We are confident that this initiative will not only help our children become more active but it will also help them learn better and feel more confident about themselves.

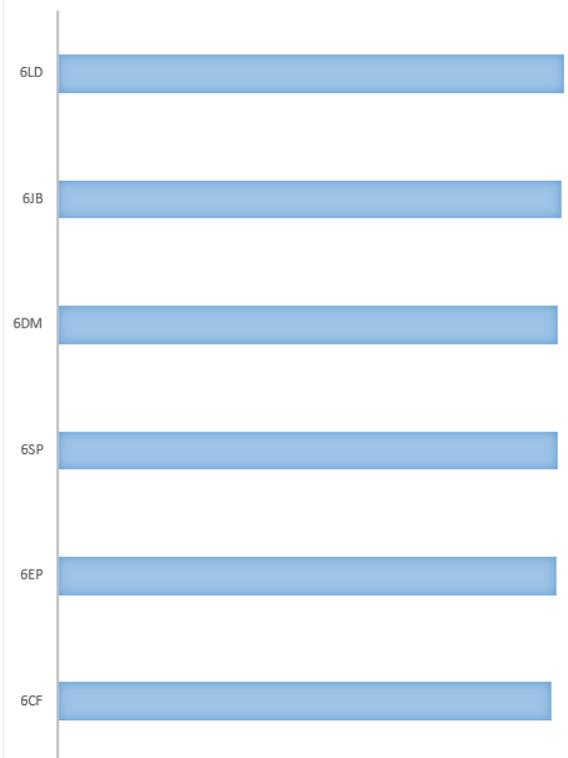

### Being caught being kind

Miss Davies is trying to catch Year 6 children being kind as it has a very positive impact on them and the way they can make other people feel.

### The five effects of kindness

Kindness makes us happier  
Kindness is good for the heart  
Kindness slows ageing  
Kindness improves relationships  
Kindness is contagious

## ATTENDANCE

# WELL DONE 6LD!
