

WEEK BEGINNING:

Assessment Week

We have had assessments in Year 5 this week – Reading, Maths (Arithmetic and Reasoning Papers) and SPAG (Spelling, Punctuation and Grammar). Each and every child has sat these tests and has worked really hard to show how much they have learnt in their first term at Ipsley.

A massive well done from all of the Year 5 team on these results, keep up the good work!

Love to Learn

This week we have been learning to be courageous through assessment week and in our every day learning! How have you showed these skills?

Learning Log

The new Learning Log is out! Your child has the chance to research **any** animal that they like, small or large! Remember to present this in a way that you are proud of; written, drawn, on the computer...you name it! The deadline for this is Tuesday 13th February.

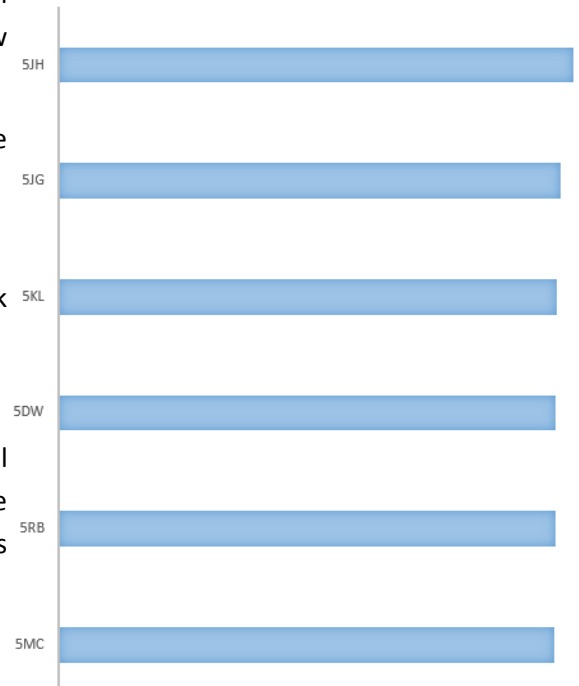

Read with Ipsley

This week's question can be found in the normal place! Well done to the three winners who each received a brand new book from Miss Danckert! Not bad for answering one question!

Topic Friday

Make sure you are following us on Twitter (@IpsleyAcademy) to see updates about our brilliant Topic Friday sessions. Each week we've been doing a different area (History, Geography, Science etc) in a really creative way, posting lots of pictures as we do it. The kids love it!

ATTENDANCE

WELL DONE 5JH!

★ Stars of the week

5MC: Lieschen Strecker

5DW: Harvey Collins

5JG: Charlie Considine

5RB: Emily Taylor

5KL: Jake Hughes

5JH: William Walker
