

WEEK BEGINNING:

KS2 Science Day

On Thursday 15th March, all of the classes in Year 5 and 6 had the opportunity to go over to the Science Labs and take part in some exciting activities and experiments. This was all organised by Mrs Duggins and Mr Pierce, the KS3 Science teachers, and led by some of the Year 8 girls.

'It was awesome—I liked making magic snow out of a nappy!' Josh H

'I liked it because we got to experiment with different things such as marshmallows and straws.' Faith B

'My favourite experiment was creating the Fizz Rockets, they exploded across the grass!' Conlan T

Pyramid Concert

On Tuesday 20th March our Performance Troupe participated in the annual Pyramid Concert along with Church Hill Middle School, Tenacres First School, Matchborough First School, Moons Moat First School and Abbeywood First School. There were two concerts, one in the afternoon and one in the evening; both of which were bursting with proud family and friends of our choirs. The Performance Troupe performed two musical numbers. 'When I grow up' from Matilda and 'What is this feeling?' from Wicked. The pupils worked extremely hard throughout our extra-rehearsals and maintained their professional reputation and work ethic up to the final evening performance.

Miss Whitehouse, Miss Alcock and Mrs Coley are extremely proud of the Performance Troupe and are looking forward to planning 'the greatest show' for next year's Pyramid concert.

Mock SATs

A big THANK YOU goes out to Year 5 who have moved out of their classrooms to other classes in the school during the morning lessons so that their classrooms can be used for the SATs and so that year 6 can have the optimum test conditions with silence throughout the key stage. They have been Elizabethans: creating timelines, menus, and discovering differences between the rich and the poor in Tudor times.

ATTENDANCE

**Congratulations
class 5MC!**
