

WEEK BEGINNING:

YEAR 6 ATTENDANCE IS THE BEST IN THE SCHOOL!

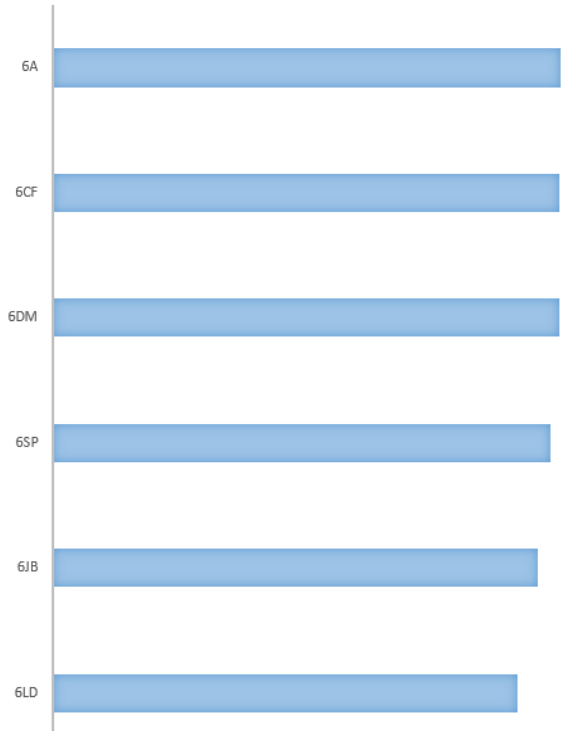

Year 6 attendance has remained constant at 97.3% all half term. This is amazing as there has been a lot of illness but Year 6 have still had the focus and commitment to come into school. They have had weekly rewards for 100% attendance, fortnightly Amazon voucher draws and a whole year group golden time for one lesson. Their challenge is to continue this next half term so they can go to Arrow Vale to watch a film as the reward.

Topic

This week in topic lessons, Year 6 have been creating city scrapes of cities in the USA. Each class has been uniquely creative: some have used tissue paper to create the background, some have used pastels and others have night skies.

ATTENDANCE

Learning Logs

This half term, our learning log task was to research a state in the USA. Year 6 have produced some AMAZING work around this. Here are just a few examples.

WELL DONE 6A!

Holiday Homework

All of Year 6 have been given holiday homework '5 for 5'. They will have a maths, a reading and a SPAG set which they need to complete over the half term holiday. They can either do one each day or do it all at once. If they bring it back on Monday 26th February, they will receive 5 raffle tickets for each set they complete – that means they could get 15 altogether and as they will tell you, raffle tickets start from zero each half term so that will be a brilliant start for them!
