

Dear Parent/Carer

Ipsley CE RSA Academy are setting up an after-school club to focus on STEM projects.

STEM stands for science, technology, engineering and mathematics and is a nationwide organisation that promotes these subjects in schools and colleges. At Ipsley we are hoping to show links between these three departments and complete projects after school for pupils to experience how these subjects matter in today's society rather than have pupils see them as separate subjects.

We would like pupils who are interested in this STEM club to sign up for the after school club for the whole duration of the project. Each project will last a half term. The first project of the year will begin next week until October half term, and is related to designing and making a catapult. All sessions will be held at Ipsley CE RSA Academy.

If your child is interested please give permission for them to be in school until 4:15pm on Wednesdays from 19th September until 24th October 2018, by completing the reply slip at the bottom of the page and returning it to Mrs Duggins in Lab 2 by 18th September.

This STEM club has a limited number of places so pupils will be allocated on the project on a first come, first serve basis.

If you would like to view any other STEM projects then the website has many ideas that can also be done at home. Go to the website <https://www.stem.org.uk/> for more details.

Yours sincerely

Mrs H Duggins
KS3 Science Leader (Ipsley and Arrow Vale)

STEM Project

Child's name: _____ Class: _____

I give permission for my child to attend the STEM project sessions from 19th September until 24th October 2018

- My child will make their own way home
- My child will be collected at 4.15pm
