Dear Parent/ Guardian,

### **KS3 Assessments**

On the week commencing 15<sup>th</sup> May all students in Year 7 and Year 8 will be sitting their main maths and English assessments for the year. The results from these assessments will be used to determine sets for next year. It is very important that your child performs to the best of their ability in this assessment so that they can demonstrate how hard they have worked this year and also get into the most appropriate set for next year.

In this pack you will find a revision list for both the maths and English assessments. You will also find a revision timetable to be completed by the student. We recommend no more than 90 minutes revision per night. Little and often is most beneficial when it comes to revising for exams. Also having short breaks between the different topics can help you to retain the content you have just revised.

We wish all our students success in their upcoming assessments. They have worked hard this year and this is their chance to show this!

Yours sincerely,

Mrs Barker

Assistant Director of Learning and  
Standards for Maths

Miss Yeomans
