Dear Parent/Carer,

Re: Classes

As we do each year, we have reviewed subject groupings in the light of the assessments produced by pupils in their first half term in their new year group. In doing so, we have tried to match pupil needs with research-based approaches to teaching and learning. Our aim is to create inspiring learning experiences, through our new Trust-wide KASE curriculum which will help all pupils to make excellent progress.

After half term, your child may be moved to a different class in some of their lessons. Pupils will be provided with new copies of their timetable when they return on Monday 5th November and will be supported in getting to know new teachers, where appropriate.

As always, we value your support as partners in your child's education and we will be holding a Progress Evening on Wednesday 21st November 16.00-19.00, where you can meet with your child's tutor and discuss the start they have made to the new academic year.

Yours sincerely,

Ms J Hills
Senior Assistant Principal
